A POLICEMAN'S PRAYER

Teach me that sixty minutes make an hour, sixteen ounces a pound, and one hundred cents a dollar - Help me so to live that I can lie down at night with a clear conscience, without a gun under my pillow, and unhaunted by the faces of those to whom I have brought pain - Grant that I may earn my meal ticket on the square, and in earning it, I may do unto others as I would have others do unto me - Deafen me to the jingle of tainted money and to the rustle of unholy skirts - Blind me to the faults of the other fellow, but reveal to me my own - Guide me so that each night when I look across the dinner table at my wife, who has been a blessing to me, I shall have nothing to conceal - Keep me young enough to laugh with little children, and sympathetic enough to be considerate of old age - And when comes the day of darkening shades and the smell of flowers, the tread of soft footsteps and the crunching wheels in the yard - make the ceremony short and the epitaph simple - - - "Here lies a man"

POLICEWORK TODAY - - -

"Good policing and the quality of police services in the small city is important not only to the welfare of the small city resident, but to all other citizens."

ICMA - Management Report

TO: All Employees

FROM: Chief of Police, William R. Ciske

RE: 1974 Annual Report

CONGRATULATION ON YOUR ACCOMPLISHMENTS DURING THE PAST YEAR

The Police Department building is just another building if it does not house the ablest officers and employees we can hire. This means you.

This report will reveal that many of you have reason to be proud of your past performance.

Sometimes you are asked to work long, tiresome hours with tension and danger your constant companion. As your duties touch the lives of certain individuals, good will is hard to come by. Too often we are all taken for granted, insulted, and called names of every kind and description. There are others who appreciate our help and send notes of thanks and appreciation. These extremes are part of our public image which we have come to accept as "part of the job."

Again, congratulations for a job well done.

Sincerely,

William R. Ciske

Dear Mr. Martin:

I wish to acknowledge the slpendid cooperation you and all other department heads have given this department throughout the year.

I can assure you the Police Department will forever strive to serve this community by providing honest, efficient, and effective law enforcement for each and every citizen.

MAJOR ACCOMPLISHMENTS - 1974

RE-ORGANIZATION - With the retirement of two supervisory officers, plans to re-organize the Department with definite position responsibilities the main object, were formulated.

TRAINING - Over 1000 hours of training were recorded. The highlight being the attendance of Lt. Roger Keene to the F.B.I. National Academy.

EDUCATION - The majority of the officers attended the following Police Science Courses which were offered through the Madison Area Techinical Schools:
Sociology I, Criminology and Report Writing.

CRIME PREVENTION - A Shoplifting Education Program in the schools was initiated, in cooperation with the local merchants. It was felt that a dramatic reduction in apprehensions of local students was the direct result of this program.

OPERATION IDENTIFICATION - Identification tools were donated by the Kiwanis Club and a "STOP THEFT" Program put into effect.

SHOPLIFTING APPREHENSIONS - Over 141 individuals were processed through the arrest procedure for shoplifting. This was an increase of almost 1000% from the 1973 figure of 16. This gives us some idea of the extent of the problem encountered by the local merchants.

OPERATING WHILE INTOXICATED ENFORCEMENT - Recent legislation allowing for Group Dynamics School attendance rather than loss of license allowed our 31 arrests to be disposed of with 25 convictions, 3 reduced charges, 2 pending and only 1 dismissal.

FELONY ARRESTS AND CONVICTIONS - Twenty-four felony arrests were made. Twenty-two were cleared by conviction. One is pending and one was dismissed by the Court. We are proud of our felony conviction record.

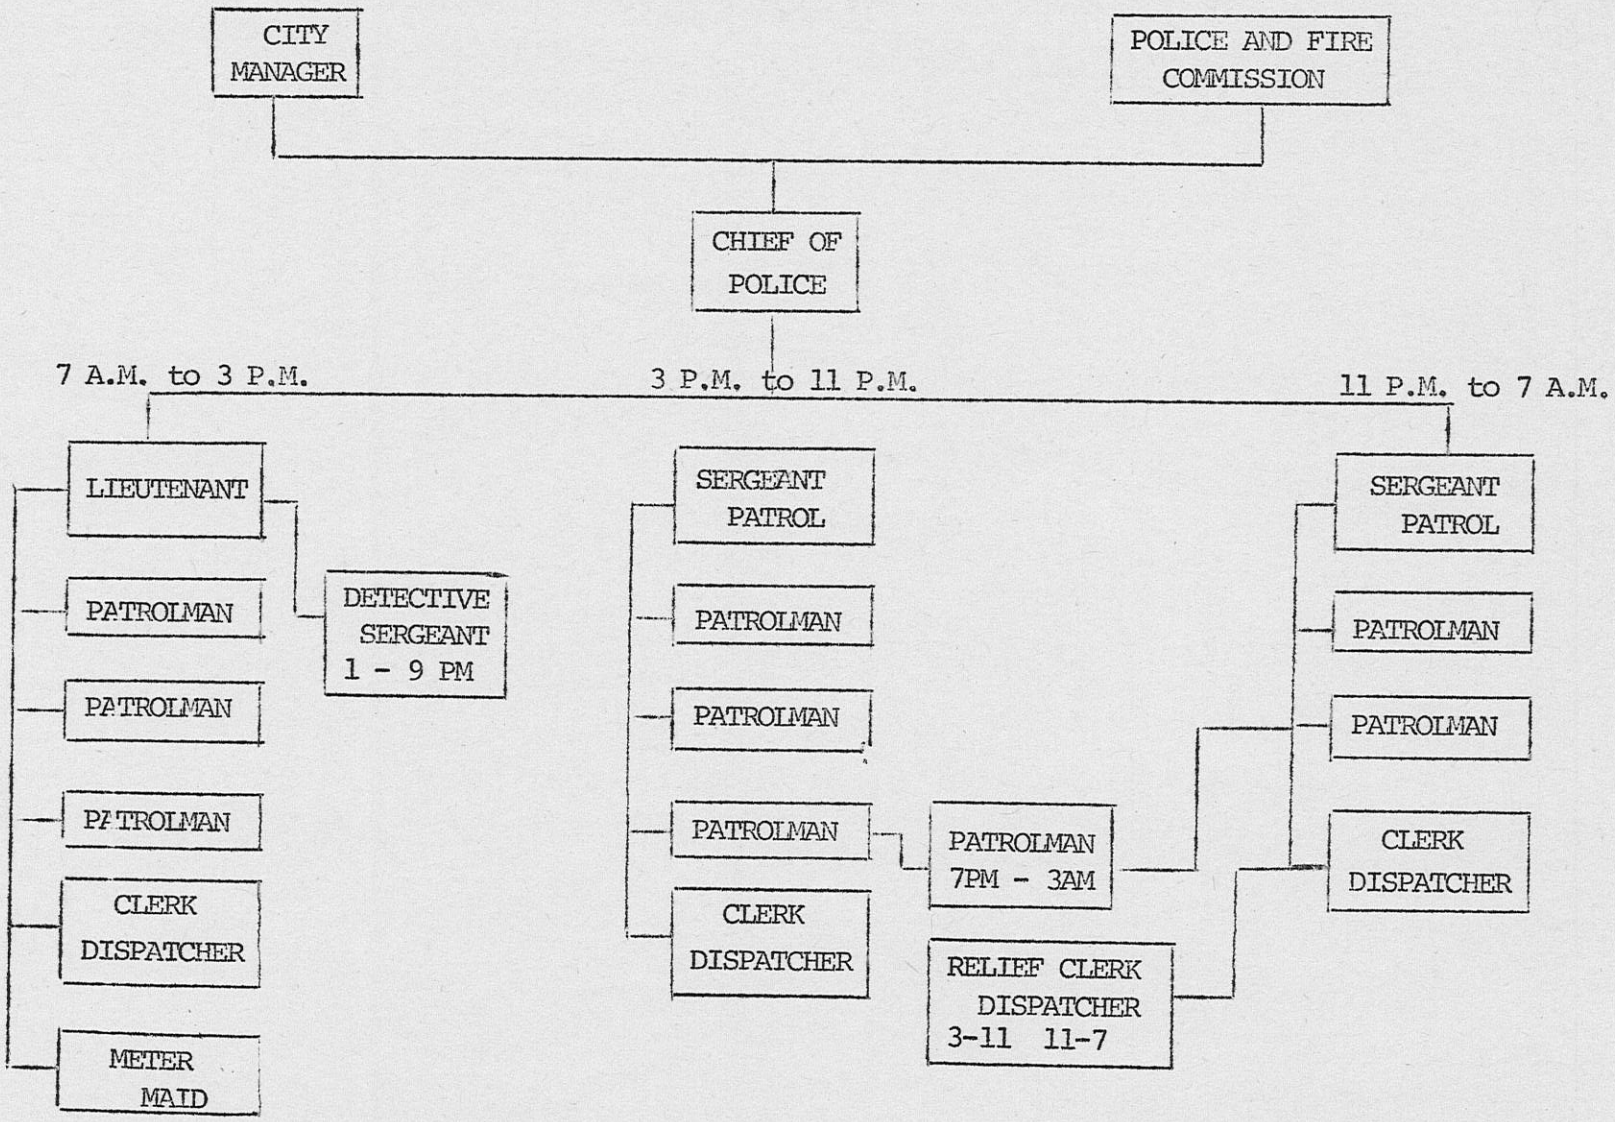

GOALS - 1975

TRAINING:	A recruit, in-service and specialized school program of over 1000 hours has been scheduled.
REPORT WRITING:	This phase of police work will be given special attention during the coming year by all supervisors.
BUILDING MODIFICATION:	Two interrogation/security rooms will be constructed by partitioning off half of the identification room. This will allow for more personal, uninterrupted interviews, and also provides a temporary place of security during the booking process.
WATER SAFETY PATROL:	A regular week-end schedule will be adopted and enforcement increased.
BICYCLE SAFETY and EDUCATION:	Emphasis will be placed on bicycle law enforcement and specific programs involving skill testing and safety lanes are being planned.
RANGE/ MARKSMANSHIP:	Officers will be trained in various combat courses and their skills graded.
PEDESTRIAN SAFETY:	Beat Patrolman will be assigned to the main business area during high traffic times to monitor and enforce pedestrian/motorist conflicts at the signalized intersections.
DRUG ABUSE:	Another point of special priority will be pointed towards the drug scene. More surveillance will be scheduled with the hope of apprehending local sellers.
