

Property Exchange

Child Custody Exchange

Selling something you advertised on Craigslist to a stranger?

Looking for a safe place you can meet to make the exchange?

Fort Atkinson PD has a Safe Exchange Zone.

The main lobby or front sidewalk and first three parking stalls off the main entrance at the Fort Atkinson Police Department have now been established as a Safe Exchange Zone.

These areas are on monitored cameras 24 hours a day. Citizens are encouraged to use these locations for property exchanges and even child custody exchanges if necessary. The purpose is to reduce fraud, theft and being victimized in other ways.

This Safe Exchange Zone is not the cure all to prevent crime during these types of situations though. It is still important to take safety precautions to ensure your safety, such as telling a friend where you are going, meeting during daylight hours and exercising caution during the exchange.
